Integrating AI in Medical Education and Research

Monday, 13 November, 2023

1:00 pm - 2:00 pm

Via WebEx

Speakers

Dr. Susu Zughaier, PhD, Associate Professor of Microbiology, College of Medicine, Qatar University

Bio: Dr. Susu Zughaier is leading the Infectious Diseases Research Network and an Associate Professor of Microbiology at Qatar University College of Medicine. MSc and PhD in Microbiology and Immunology from Cardiff University, UK. Postdoctoral training at Harvard Medical School in Boston, USA. Assistant Professor of Microbiology and Immunology, Emory University School of Medicine in Atlanta, USA. Research interests are focused on host-pathogen interactions, vaccine development and AI in Medicine.

Ms. Yosra Magdi Mekki, 5th Year Medical Student, College of Medicine, Qatar University

Bio: Ms. Yosra Mekki is student lead for the Qatar AI and XR in healthcare interest group, which is the only and largest community in Qatar for mentorship in AI and XR in healthcare applications at 300 members of students, faculty, clinicians and engineers. She is fortunate to serve in several leadership positions, including as the Student Lead for the AI in Medicine Journal Club, the Teaching Assistant for the cutting-edge inaugural Machine Learning in Medicine Elective course, and the Strategy Industry Lead for the Clinician Engineers Hub at the University of Cambridge in the UK.

Mission

To prepare our students to provide optimal pharmaceutical care and advance health care outcomes, to promote research and scholarly activity, and to serve as a pharmacy resource for Qatar, the Middle East and the world.

Vision

Advancing healthcare in Qatar and the world through excellence and innovation in pharmacy education, research and service.
