Research Network Groups at QU Health

Cancer Research Group

Group lead: Dr. Zumin Shi
zumin@qu.edu.qa

معاً نشكل مستقبل الصحة
Shaping the Future of Health Together

RNG active members

Active members	Research interest
Dr. Zumin Shi: zumin@qu.edu.qa	Nutrition epidemiology, nutrition and cancer
Dr Suhail Doi: sdoi@qu.edu.qa	Cancer epidemiology, screening and prevention
Dr Feras Alali: feras.alali@qu.edu.qa	Pharmaceutical sciences
Dr Abdullah Shaito: abdshaito@qu.edu.qa	Therapeutic Properties of Natural Products
Dr Aisha Naeem: a.naeem@qu.edu.qa	Tumor suppressor genes or oncogenes in regulating response to chemotherapy
Dr Alaaldin Mohammad Alkilany: alkilany@qu.edu.qa	Nanomedicine and smart drug delivery systems
Dr. Ali Hussein Eid: ali.eid@qu.edu.qa	Drug Discovery and molecular pharmacology
Ms. Fatima Al Zahraa Chokr: fchokr@qu.edu.qa	Nutritional epidemiology, dietary assessment
Dr Aisha Ahmad M A Al-Khinji: aalkhinji@qu.edu.qa	Hematology and bone marrow transplant
Dr. Giridhara Rathnaiah Babu: gbabu@qu.edu.qa	Population Medicine

RNG active members

Active members	Research interest
Dr Hadi Mohamad Abu-Rasheed: hadi@gcs.qa	Cancer care, epidemiology, public health
Dr Manar Elhassan: melhassan@qu.edu.qa	Public Health, Biostatistics
Dr Marguerite Claire Sendall: msendall@qu.edu.qa	Health Promotion
Dr. Mohammed Fasihul Alam: malam@qu.edu.qa	Health economics
Dr. Rafif Mohmood: rafif@qu.edu.qa	Use of AI in cancer diagnosis and prognosis
Dr. Saghir Akhtar: s.akhtar@qu.edu.qa	molecular pharmacology and signal transduction pathways involved in breast and brain cancers
Dr. Shona Pedersen: spedersen@qu.edu.qa	Cancer Protein and Metabolite Biomarkers
Dr. Tahra El-Obeid: Tahra.e@qu.edu.qa	Nutritional Supplements in Cancer Care
Dr Mohammed Imad Malki: momalki@qu.edu.qa	Pathology, cancer biomarkers

RNG's Main Research Interests

One of our aims is to provide a forum for discussion of innovation in cancer, the generation of research questions and project proposals, updates on ongoing projects etc. Through interdisciplinary collaborations, we hope to produce high quality, impactful answers to important cancer-related research questions. Our research vision is that we will be recognized as an international leader in cancer-related research.
